Ram Jethabhai Mulabhai got primary education in his own village and secondary and higher secondary from the nearby Ghusiya village. After completion of graduation in drawing from the Ahmedabad. After study he joined his family's profession i.e. agriculture.

He had a 15 vigha land and totally covered under horticulture crop coconut. This plantation is 20 years old. He got Rs.45000 to 50000 income from this. Due to this old plantation he is no grow other crop in this land. So, he got an idea to club honeybee rearing with horticulture therefore, in the year 2021 he got training from Krishi Vigyan Kendra, Ambuja Cement Foundation, Kodinar on scientific honey bee rearing sponsored by National Bee Board, New Delhi. Then after he visited many Beekeepers sites and got more and more practical information of this subject and finally he decided work on this.
